2017
PERIPHERAL EVENT OF THE YEAR
THE PERIPHERAL EVENT OF THE YEAR

Join Us!  On behalf of New Cardiovascular Horizons, I cordially invite you to participate in the NCVH 2017 Annual Conference in New Orleans, May 31-June 02, THE international, multispecialty conference showcasing excellence in vascular medicine and intervention.

We have once again assembled stellar faculty with the primary goal of bringing together key disciplines to focus on a team approach to total cardiovascular care for patients with Peripheral Arterial Disease (PAD) and Critical Limb Ischemia (CLI). This comprehensive approach creates an environment for clinical collaboration to address the continuum of care for the patient.

I look forward to seeing you in New Orleans.

Thank you,

Craig M. Walker, MD
Clinical Professor of Medicine
Tulane University School of Medicine

PRE-CONFERENCE EVENT | TUESDAY, MAY 30
Chairmen: Carlos I. Mena, MD | Craig M. Walker, MD

Record 2016 attendance. The Fellows Course at NCVH, “Complex Strategies for Peripheral Interventions”, is a must-attend educational opportunity for fellows in their final two (2) years of interventional cardiology, vascular surgery or interventional radiology training.

This comprehensive program features masters in peripheral interventions and vascular medicine and includes didactic lectures, case studies, simulation training and intensive hands-on learning at the Louisiana State University (LSU) Medical School Innovation Lab.

Faculty interact with small groups of fellows in each workshop area and are available for questions throughout the program. Industry participants, fellows and faculty consistently rate the NCVH Fellows Course as relevant and valuable.

QUALIFICATIONS AND SCHOLARSHIPS
Fellows in their final two (2) years of interventional cardiology, vascular surgery or interventional radiology training. Attendance for a minimum of 20 hours at the NCVH Annual Conference is required. Qualifying fellows receive airfare or mileage reimbursement, hotel accommodations and complimentary registration for NCVH 2017.

REGISTER | INQUIRE
ncvh.org/fellows | 337.993.7920

"With a record 2016 attendance, the Fellows Course at NCVH has evolved into a must-attend educational opportunity for fellows interested in having exposure to the latest research and technology delivered by masters in interventional cardiology, vascular surgery and interventional radiology."

Carlos I. Mena, MD
Co-Chairman, Fellows Course
UNDERSTANDING THE BUSINESS OF PERIPHERAL INTERVENTIONS

PRE-CONFERENCE EVENT | TUESDAY, MAY 30
Chairmen: Craig M. Walker, MD | Mary L. Yost, MBA

This innovative session continues to draw record audiences. Led by Mary L. Yost, MBA, Co-Chairman, “Understanding the Business of Peripheral Interventions”, outlines the comprehensive financial and economic impact of amputations, peripheral interventions, reimbursements and other exciting topics in the ever changing landscape of today’s complex healthcare industry.

EDUCATIONAL HIGHLIGHTS
Peripheral Reimbursement: What Every Physician Should Know
Economic Cost of PAD, CLI and Venous Disease: Sizing the Market
Medical Innovation: Can New Technology Reduce Costs?
Early Identification of PAD: Evidence to Refute USPSTF Position on Screening
Cost Analysis: Amputation vs Revascularization
The Future of Outpatient Endovascular Centers
Peripheral Intervention Marketing Strategies

LEADERSHIP
Mary L. Yost is a national thought leader in PAD economic research and consulting. Her training as an economist at the University of California, Berkeley and experience on Wall Street combined with her passion for PAD and CLI education has led her to be the nation’s expert on the economic impact of peripheral disease and financial consequence of unnecessary amputation.

“Understanding the Business of Peripheral Interventions is the definitive session for any provider interested in gaining valuable insight into the complex arenas of peripheral reimbursement, peripheral intervention marketing and practice building strategies.”

Mary L. Yost, MBA
Co-Chairman, Understanding the Business of Peripheral Interventions
Insight on tomorrow’s emerging technologies and treatments for peripheral disease by faculty who are defining and setting the bar for complex endovascular interventions. Learning methods include rapid fire didactic lectures, specialty-specific content and live case transmissions by leading institutions from around the world.

SPECIAL SESSIONS:
Similarities in the Treatment of CLI and Coronary CTOs
Continuum of Care for the Cardiovascular Patient
Multidisciplinary Nursing for Limb Preservation
Podiatry and Wound Care
SICP’s Signature RCIS Review Course

PROGRAM HOURS:
8:00 AM – 6:00 PM

EXHIBIT HOURS:
9:00 AM – 7:30 PM

WELCOME RECEPTION:
A lively evening of food, beverages and networking with a Mardi Gras flair. Don’t miss this event held in the Exhibit Hall.
6:00 PM – 7:30 PM
THURSDAY, JUNE 01 | GENERAL SESSION

13TH Annual Critical Limb Ischemia Summit

Pioneered by NCVH 13 years ago, the Critical Limb Ischemia Summit continues to bring together the world’s most gifted physicians as they unite for one singular goal: AMPUTATION PREVENTION. Live cases will demonstrate pedal access and complex below-the-knee procedures not seen at any other peripheral conference.

SPECIAL SESSIONS:
Cardiovascular Update for Primary Care Providers
Multidisciplinary Nursing for Limb Preservation
The Business of Wound Care
Podiatry and Wound Care Workshops
Transradial Workshop and Simulation Training

PROGRAM HOURS:
8:00 AM - 6:00 PM

EXHIBIT HOURS:
9:00 AM - 4:00 PM
UNPARALLELED LIVE CASES
NCVH has been credited for setting the bar for the broadcast of live peripheral cases from both national and international sites. Last year’s **UNPRECEDENTED 8 SITES** included Bad Krozingen, Germany and Abano Terme, Italy and featured **GROUND-BREAKING TECHNOLOGICAL FIRSTS**. Real-time case discussion among the panel of masters completes this comprehensive learning experience.
Venous disease is the new frontier in vascular interventions. Didactic lectures and live cases by multispecialty pioneers will demonstrate new technologies and techniques available for patients suffering from venous disease. In addition, this session will round out the conference with need-to-know advancements in carotid, renal and mesenteric interventions.

SPECIAL SESSIONS:
- CO₂ Angiography Society Annual Conference
- New Technology and Challenging Cases
- PAD Update for Primary Care Providers
- Podiatry and Wound Care
- SICP’s Signature RCIS Review Course

PROGRAM HOURS:
8:00 AM – 6:00 PM

EXHIBIT HOURS:
9:00 AM – 4:00 PM
The CO₂ Angiography Society Annual Conference is a thought-provoking learning experience dedicated to the virtues of intravascular CO₂ to diagnose and intervene while preserving renal function. The genesis of the Society developed from a need for like-minded physicians and other healthcare professionals to have a collective forum and voice for the ongoing discussion of advancements and uses of intravascular CO₂.

EDUCATIONAL HIGHLIGHTS
- History and Science of CO₂ Digital Subtraction Angiography (DSA)
- Contrast-Induced Nephropathy at What Cost?
- Medical Indications for the Appropriate Uses of CO₂ as a Vascular Imaging Agent
- Safe Delivery of Intravascular CO₂ for Imaging
- CO₂ Utilization When Contrast Has Failed
- Cost Reduction Benefits

Membership opportunities available. Visit co2angio.org.

REGISTER | INQUIRE
ncvh.org/co2 | 337.993.7920

“The use of CO₂ as an effective and reliable alternative to conventional iodinated contrast is rapidly gaining national attention and acceptance by forward-thinking physicians.”

James G. Caridi, MD, FSIR
Chairman and Founder, CO₂ Angiography Society
The NCVH Vein Forum, “A Multidisciplinary Approach to Optimizing Venous Circulation”, is the premier vein symposium for interventional cardiologists and endovascular specialists who provide comprehensive circulatory patient care.

EDUCATIONAL HIGHLIGHTS
How to Incorporate Phlebology into Existing Practices
Cutting-Edge Therapies for Venous Disease Treatment
Treating Venous Disease as a Comprehensive Circulatory Issue
Use of Mechanical, Chemical and Gas/Combination Therapy
Practice Management: Billing, Collections, Marketing and Advertising

PROGRAM HOURS
7:30 AM – 5:00 PM

EXHIBIT HOURS
9:00 AM – 4:00 PM

REGISTER | INQUIRE
ncvh.org/vein | 337.993.7920

“The Vein Forum is perhaps the single-most comprehensive and dynamic one-day course for any provider interested in the newest technologies and high-demand procedures critical to establishing or growing a successful vein practice.”

Ariel D. Soffer, MD
Chairman, Vein Forum

CONFERENCE HOST HOTEL

THE ROOSEVELT | NEW ORLEANS
From legendary past to modern-day luxury and extraordinary accommodations, the Roosevelt is where memories begin. The hotel is conveniently located one block from the French Quarter. Guests can dine at one of three restaurants or enjoy cocktails at the legendary Sazerac bar.

504.648.1200 | Reference “NCVH”

WHILE YOU’RE IN NEW ORLEANS

NEW ORLEANS WINE AND FOOD EXPERIENCE
The New Orleans Wine and Food Experience joins the forces of hundreds of incredible restaurants and wineries together in the French Quarter. The weekend will be packed with intimate wine dinners at New Orleans’ finest restaurants, informative seminars for both new and experienced wine drinkers and special events like the Royal Street Stroll led by the Krewe of Cork, typically on the Friday of Memorial Day weekend.

AUDUBON AQUARIUM OF THE AMERICAS
Looming large against the Mississippi River is the extraordinary Audubon Aquarium of the Americas, one of the top museums of its kind in America. Here the visitor finds 15,000 sea life creatures, representing nearly 600 species, living happily in a state-of-the-art facility.

ENTERGY GIANT SCREEN THEATER
Located adjacent to Audubon Aquarium of the Americas, the Entergy Giant Screen Theater, brings adventure to life. With one of the biggest screens in the Gulf South, Entergy Giant Screen Theater uses one of the finest 4k digital projection systems in the world and Dolby Atmos multidimensional audio. With a choice of educational films that rotate on a regular basis, the theater takes guests on larger-than-life adventures to other parts of the world and under the sea to learn about wildlife and more.
$299 Early Bird Registration
Ends 12/31/16
